Imagine enjoying your morning coffee on a terrace with a sea view and while the kids can go to school on their own! Kindergarten is right next door, so you don't even need to start your car. There are also playgrounds, city pool, stadium, sports halls and gyms. You can take a short walk to the beach, well-known city beach Valkane and a beautiful promenade Lungomare are only 700 m away. In this „micro cosmos“ of Stoja you will find the largest shopping mall in Pula, a camp, grocery stores, a florist, restaurants, cafes, a bakery and a post office.

The front of the building is situated in a quiet part of the street without traffic. Parking spaces are not numbered, so it is kind of a free parking zone. The building is well maintained and the apartment is oriented towards east-west. It is on the top floor, which is wonderful because there will be no one jumping upstairs. Best things are on top, right? This two-bedroom apartment has 77 m<sup>2</sup> and, thanks to an excellent layout of the interior exposed to the sunlight, it literally has everything. Besides two rooms, a bathroom and a toilet, it also has an always needed pantry. In the basement of the building is a storage for bikes or your summer/winter props.

The property is completely furnished and you can move in immediately.

The heating can be combined using a heat stove using direct current supply or a gas stove. Of course, there is an air conditioner for the hot summer days.

The floors in the rooms are wooden (parquet), while the kitchen, hallway and bathroom are covered with ceramics.
